PROFESSIONAL PROFILE

I'm currently completing my doctorate in history at Vanderbilt University and recently completed the Nashville Software School Software Developer Bootcamp. I'm interested in opportunities where I can further my knowledge of software development, and utilize my research and communication skills.

WORK EXPERIENCE

Apprentice Developer, Nashville Software School, 07/2016-03/2017
Intensive software development program covering the full stack. Gained experience in wide range of technologies and software methodologies. Learned technical, project management, and team-based skills.

Teaching Assistant, Department of History, Vanderbilt University, 09/2012-05/2015
Taught undergraduate courses on American, Middle East, and Global history. Responsible for classroom management and lesson plan development. Learned communication, writing, and research management skills.

Web Designer and Office Manager, Contemporary Computers, 12/2010-08/2011
Designed business plan and websites for computer repair store. Learned foundations of computer hardware and website design.

SELECTED PROJECTS

Archivlo 2016-Present
Archival research workflow web app. Connects researchers in archives, and helps them build and share research projects. View: www.archivlo.com

Image Lucida, 2017-Pesent
Image annotation and analysis web app built to help researchers analyze and extract large image datasets. Beta-testing on dissertation research. View: www.github.com/ZoeLeBlanc/image_lucida

Constructing Anti-Colonial Cairo, 2014-Present
Dissertation on the history of global anti-colonialism in the 1950s and 60s through analysis of print media from Cairo, Egypt. Utilizes archival data from multiple countries and languages. View: zoeleblanc.com/dissertation
